ProPhotonix Limited
("ProPhotonix" or "the
Company")

**ProPhotonix to Exhibit UVC LED Lights and High-Performance Laser Modules at
Photonics West, 28th – 30th January**

ProPhotonix Limited a designer and manufacturer of LED illumination systems and laser diode modules with operations in Ireland and the United Kingdom, part of the Exaktera group, will exhibit its latest UVC LED lighting and high-performance laser-based solutions at Photonics West, San Francisco, Booth 4040.

ProPhotonix will showcase its cutting-edge UVC LED solutions, including the innovative [UVC-Pro Area Light](#). This stackable 265nm light, ideal for machine vision, fluorescence detection, and disinfection applications, offers a unique solution for critical applications. Also on display will be the [COBRA Slim UVC LED line light](#), delivering exceptional uniformity and intensities up to 61mW/cm². In addition, ProPhotonix will highlight its expertise in developing customized UVC LED solutions tailored to specific application challenges.

At Photonics West, experience ProPhotonix' high-performance laser solutions. The [PROdigii](#), a compact digital laser module engineered for exceptional wavelength stability and outstanding thermal management, ideal for demanding applications. Also at booth 4040, discover the [3D PRO range](#) of structured light laser modules, offering high-precision solutions for a variety of 3D imaging and measurement needs.

Tom Cinque, Director of Sales Americas, ProPhotonix. "ProPhotonix is looking forward to meeting customers at Photonics West 2025 and demonstrating our range of LED and laser solutions."

ProPhotonix is part of the [Exaktera](#) group. Through its expertise in innovative light-based

technology, Exaktera enables and improves critical and game-changing systems. ProPhotonix is excited to be co-exhibiting with two of its sister companies Advanced Illumination and Z-Laser at the show.

To learn more, visit us in San Francisco at Booth 4040, Photonics West 2025.

About ProPhotonix

ProPhotonix Limited, headquartered in Salem, New Hampshire, is a high-technology designer and manufacturer of diode-based laser modules and LED systems for industry leading OEMs and medical equipment companies. In addition, the Company distributes premium diodes for Ushio, Osram, QSI, Panasonic, and Sony. The Company serves a wide range of markets including the machine vision, industrial inspection, security, and medical markets. ProPhotonix has offices and subsidiaries in the U.S., Ireland, U.K., and Europe. For more information about ProPhotonix and its innovative products, visit the Company's website at www.prophotonix.com.
